Item # ACCPS602, Packaged Air Cooled Chillers – Include Tank and Pump (ACCPS Model)

QUOTE

Benefits

- Fully Packaged with Integrated Pump and Tank
- Lowest Operating Costs
- Generous Operating Limits
- Weatherproof Construction
- Individually Tested for Assured Quality
- Extremely Precise Water Temperature Control
- For full list of benefits and details click here to review the brochure

Features

- Piston, rotary or scroll compressors
- Advanced Microprocessor
- Pre-filter (standard)
- Innovative Evaporator-in-tank configuration for increased efficiency
- Stainless Steel storage tank with _” insulation
- For full list of features and details click here to review the brochure

Specifications

Heat Load	466800 Btu/hr 136.68 kW
Voltage Availability	208/3/60 230/3/60 460/3/60 575/3/60
Chiller Type	Air Cooled
Condenser Type	Air Cooled
Includes Pump	Yes
Includes Tank	Yes
Cooling Capacity	38.9 Tons
Standard Flow Rate US	93.4 gpm
Compressor Type	Scroll

No. of Compressors	4
Nominal HP (ea)	10 hp
No. of Fans	2
Fan HP (ea)	3 hp
Pump HP	5.5 hp
Length	49.4 in
Width	129.7 in
Height	84.3 in
Tank Volume US	132 gal
Process Water Conn. NPT	2.5 in
Weight	2976 lb 1352.7 kg
